

STRATEGIC PLAN

MPCC
Mission

Transforming lives through exceptional learning opportunities for individual student success.

MPCC
2023-26 *Vision*

Focused on student success, building partnerships and being responsive to our communities.

#1

Explore and refine the student journey from inquiry to completion.

- Clarify the process visually and review with all employees.
- Research and implement an effective advising model.
- Prepare students for learning in an online environment.
- Track those who do not complete the journey to inquire about the circumstances.
- Streamline processes.

#2

Prioritize each employee's role in student success.

- Help each employee understand their role in student success and why it is important.
- Align student-responsive and program-responsive class scheduling.
- Improve cross-departmental communication in scheduling of classes fulfilling general education requirements.
- Define, evaluate, and share metrics impacted by initiatives and specific to different student types.

#3

Cultivate new and existing partnerships.

- Expand awareness of employers' current and future skill needs.
- Create student sponsorships through business and industry partnerships.
- Develop new internship opportunities.
- Expand 4-year institution partnerships for optimal transfer experience.

#4

Enhance delivery of innovative learning opportunities.

- Meet growing multilingual needs.
- Increase offerings using flexible delivery modes and scheduling.
- Develop and deliver right-sized training to meet skilled workforce needs.
- Market academic programs.

#5

Promote employee success.

- Improve communication.
- Enhance proper organization, prioritization, and expectations.
- Evaluate allocation of resources to each department.
- Encourage employee development.
